COURIER SHIPMENTS

Shipping companies such as DHL, FedEx, and UPS are only able to deliver shipments to your booth starting two (2) days prior to the opening day of the show, **and someone from your company must be at the booth location to sign as the recipient.** (Please keep in mind that they also do not deliver or pick up on weekends or holidays.)

We strongly recommend that you consign any courier shipments to one of the two authorized onsite drayage companies since they can arrange the handling, and in most circumstances, the clearance and delivery to your booth. We suggest that you send them a copy of the courier waybill in advance along with your requested delivery date.

SHIPPING LABELS

It is important that your freight is clearly marked and labeled for easy identification. Your chosen U.S. freight forwarder should provide you with the label format for your shipment(s) to the show. Should you nevertheless decide to send your shipment directly to your booth via an alternative method, the marking should be as follows.

When consigning your shipment to one of the on-site freight forwarders:

Exhibitor Name
Show Name, Hall and Stand Number

C/O: *(Name of the Freight Forwarder)*
Messe Einfahrt Tor 1 / Gate 1 – Am Staad
40474 Düsseldorf, Germany

When shipping directly to your booth:

Exhibitor Name
Show Name, Hall and Stand Number
Name of Person on the Stand + Mobile Tel.
C/O: Messe Düsseldorf
Messe Einfahrt Tor 1 / Gate 1 – Am Staad
40474 Düsseldorf, Germany

IMPORTANT: Bring copies of your shipping documents with you to the show. You should know how your freight was sent, when, and with what freight forwarder. Without this information, it is very difficult to assist you in locating your freight should any problems occur.

CUSTOM CARNETS

CARNETS ARE NOT NECESSARILY REQUIRED when shipping to Düsseldorf. Your U.S. freight forwarder can arrange a temporary import TRADE SHOW clearance of your goods for the show. It allows for the temporary import without duties and taxes being accessed. This temporary import can be changed at the conclusion of the show depending on if your goods are sold, given away, or will not be returning to the US afterwards for any reason. There are instances when a carnet is preferred, but only if the goods are being sent to another trade show or event at the conclusion of the show in Düsseldorf. To determine whether or not a carnet is a viable option to be considered for your shipment, please consult with your U.S. freight forwarder.
